

Mayflower Health & Wellness Infection Prevention and Management

Update #15: COVID-19 Information *June 19, 2020*

As of today, there have been no diagnosed cases of COVID-19 among Mayflower residents or staff.

As we stated in a letter sent out last Friday and affirmed with more information shared in our Facebook Live presentation yesterday, Mayflower is in Phase I of a three-phase “reopening” plan for our Health Center and Beebe Assisted Living.

Kellie will send you a specific update next week about our phases status. In anticipation of moving to Phase II, we will again allow specialists to perform services on the Mayflower campus. However, for independent living residents, we will need to do so in spaces other than the Health Center and Beebe, both of which are still restricted to visitors and will be so in the future when we have any kind of quarantine situation.

We continue to seek new permanent locations for these “clinical” services. In the meantime, we will be using the former “Game Room” in the lower level of Buckley.

- **Podiatry** – Dr. Matthew McKnight, DPM will begin to see patients on campus July 27th at 1:00 p.m. Please call Julie Roderick at 641-236-6151 x210 (Monday-Friday, 8:00am-4:00pm) to schedule an appointment.
- **Audiology** – Dean Kayser, AUD will begin to see patients on July 14th in the afternoon. Please call Dean’s office to set up an appointment at 515-264-8416.
- **Hair Care** – July 2nd will be the first day of service with Lynnette’s Salon Parlor. Because this is temporary space, Lynette can only perform services that will not require water in that location. Lynette will offer full-service treatment at her offsite location if you prefer. Fee-based transportation is available. Please call or text Lynette directly for an appointment at 641-485-7727.

As always, you may continue using your current provider outside of Mayflower.

See additional information on the back or second page of this piece.
